Operational Audit

Each row states the proposition, its work state, the barrier classification (enum value — descriptions live in the final column):

PROPOSITION	WORK STATE	BARRIER TYPE	DESCRIPTION
P-05-001	escalation_required	insufficient_search_completion	claim_level_search_incomplete
P-05-002	escalation_required	insufficient_corroboration	motivation_and_expectation_incomplete
P-07-001	escalation_required	insufficient_corroboration	market_evidence_incomplete
P-08-001	escalation_required	insufficient_identity	partner_fit_unverified

No phase artifact was produced.

Evidence Recovery Record

Recovery evidence is recorded in the execution and avenue ledgers.

SWOT Analysis

STRENGTHS

- Established findings from technical analysis

WEAKNESSES

- Evidence gaps require further diligence

OPPORTUNITIES

- Partnership and licensing pathways exist

THREATS

- Competitive and regulatory pressures

Commercial Actionability **Indeterminate-to-Limited**
